

Pre- Conference Questions: Reported on during Discussion Period

Setting the Stage: Why Leadership Matters

1. Arrive at the Healthcare Leadership Forum on February 14 prepared to speak to a recent work situation where exceptional leadership played a key role in your organization or the health care system reaching an important achievement (large or small). What were the attributes of leadership that influenced the situation?
2. Can you identify a recent situation where a lack of leadership led to the failure to accomplish something important? What obstacles stood in the way of effective leadership?

Clinical Leadership – The Challenge and Promise of the Next Generation

3. In your recent work experience can you identify a situation where a clinician played a leadership role that could not have been played by anyone without that clinical background?
4. Can you identify a situation where a clinician did not exercise the necessary leadership to achieve an important objective?

Leaders Without Borders

5. Can you identify a recent work situation where organizations in your community worked cooperatively to achieve a goal none of them could have achieved on its own?
6. Can you describe a situation where organizations failed to work successfully together to achieve a common aim? Can you identify reasons why the project did not succeed?

Policy Leadership

7. If you could hand the Minister of Health of your province a note asking them to take one specific action step, what would you write?
