

Last Name	First Name	Abstract ID	Co-presenter	Name of Presentation
Cheng	Siu	43		Integrated Health and Social Care Case Definition
Campbell	David	174		Implementation of complex interventions to reduce barriers and improve adherence to self-management of chronic conditions: A qualitative descriptive process evaluation
Kavandi	Hamidreza	185		Health Information Technology Adoption by seniors in the community: A Systematic Review
Chu	Cherry	212		Trajectories of Homeless Shelter Utilization in the At Home/Chez Soi trial of Housing First
Almost	Joan	279		A Study of Leading Indicators for Occupational Health and Safety Management Systems in Healthcare
Stock	David	291		Geographic variation in acute care Alternate Level of Care utilization across Nova Scotia
Sinn	Chi-Ling	312		Applying Multi-State Models to Understand Changes in Home Care Client and Caregiver Health
Leclair	Marichelle	333		The impact of interventions for homeless people with mental illness on criminal justice outcomes and costs: A scoping review
Ip	Michael	338		Using machine learning techniques to predict entry into long-term care
Milan	Raymond	339		The influence of side effects on adherence to antidepressants among older adults
Fisher	Kathryn A.	342		Impact of Multimorbidity Including Mental Health Conditions on Disability
Garces Davila	Isabel	348		Mental Health Care Utilization Among Youth with Mental Disorders: Hours and Types of Services Consulted
Kadu	Mudathira	354		Predictors of Hospitalization in Long-Term Care Residents Living with Heart Failure in Ontario: A Retrospective Cohort Study
islambouli	rayane	355		Utilization of e-prescribing in Quebec – challenges and opportunities
Antonipillai	Valentina	357		Causal stories and agenda-setting: How organized interests redefined the problem of the refugee health policy retrenchments in Canada
Antonipillai	Valentina	359		Problems, policies and politics that placed the Canadian refugee health policy reforms on the decision agenda in 2016: An agenda-setting analysis
CHI	PEGGY PEI-CHI	360		The Evidence on the Associations between Natural Environments and Health Outcomes
Marani	Husayn	361		Out-of-Pocket Costs Incurred by Family Caregivers of Persons Living with Dementia in Canada: A Scoping Review
Armah	Naomi	367		Nursing Students' Perspectives of Intercultural Communication: A Qualitative Descriptive Study
Gill	Ashlinder	375		Homecare Intensity at the End-of-Life: Measuring Access and Outcomes in Ontario Decedents
Wilkinson	Andrea	376		Developing a Composite Quality Score to Support Performance Improvement in Long Term Care
Hackett	Christina	377		Harnessing experiences of youth, family members and service providers for co-designing health system improvements: The case of care coordination in youth mental health services in Hamilton, Ontario
Gill	Ashlinder	380		"I think he felt too vulnerable at home..." A Qualitative Study Exploring the Impact of Functional Limitations on Accessing Community-Based Primary Care for Older Adults
Trowbridge	Joslyn	381		Governing Principles and Process for Diabetes Action Canada's Data Repository for Patient-Oriented Research
Castillo	Eliana	382		Protecting Every Mom & Every Baby: Improving Maternal and Newborn Health by Implementing Point of Care Immunization (POC) for Pregnant Women
MacNeil	Maggie	387		Development and Testing of a Web-based Resource on Policies and Regulations for Health Technologies
Wozniak	Lisa	388		Toward a better understanding of the organization of type 2 diabetes care in 6 First Nations communities in Alberta
Thompson	Katherine	392		Differentiating patient navigators from case managers: A scoping review
Read	Emily	396		Employee and Family Assistance Use at New Brunswick Nursing Homes: Results of a Pilot Study
Thompson	Katherine	398		Adopting a nurse practitioner clinic into an existing community organization to support unaffiliated patients: A case study
Haggerty	Jeanne	399		Back to the drawing board: using rapid cycle evaluation to collaboratively re-design an organizational intervention to enhance access to primary care for socially vulnerable populations
Walsh	Edmund	403		The Mediating Influence of Psychological Capital and Professional Practice Environments on the Relationship Between Authentic Leadership and Bullying Among Experienced Registered Nurses
emers-Pavett	Olivier	408		Reflective approach, audit & feed-back and learning systems applied to chronic disease management: a literature review
Dimick	Sarah	410		Digital Technology Adoption for BC's Health System; Six Pathways for Success
Barber	David	413		Material and Social Deprivation and Receipt of Opioid Prescriptions in Primary Care
Singal	Deepa	414		Using Open Space Technology to Develop a Provincial Cross-sectoral Strategic Plan for Manitoba in 7 Days: You can do it too
Farmanara	Noushon	415		Integrating primary medical care and community-based services in Canada: A cross-provincial analysis of structures and policies that govern multi-sector integration
Benipal	Harsukh	416		Comparative Effectiveness and Safety of Oral Anticoagulants for Atrial Fibrillation: A Population-based Canadian Cohort
Manogaran	Myuri	423		Interprofessional collaboration as a catalyst to enhancing efficient and effective transitions of neonatal patients from the neonatal intensive care unit
Koh-Bilodeau	Bernadee	424		Improving the Measurement of Patient Experience with Transitions in Care in Ontario
Mathews	Maria	431		Away and back again: experiences of Canadians who study medicine abroad (CSA)
Memedovich	Ally	432		Legislation regarding drug pricing and rebates in Canada
Montesanti	Stephanie	434		Patients as Partners: Findings from a Primary Health Care Engagement Project to Explore Albertan Values on Patient Attachment and the Health Home Model
Scott	Mary	438		Does Inpatient Palliative Care Consultation Improve Transitions into the Community for Frail Patients with Life-Limiting Conditions?
Otero Varela	Lucia	441		Empowering knowledge generation: the IMcCCHI-DATANETWORK
Kastner	Monika	442		An Idea Worth Sustaining: Evaluating the sustainability potential of the Choosing Wisely initiative across five Ontario-based community hospitals and affiliated family health teams
Karimi	Mahsa	447		Streamlining Transition from Rehabilitation Hospital Back to the Community for Stroke Patients
Stamenova	Vess	450		A structured approach to developing and testing the value proposition of remote monitoring and self-management tools for COPD patients.
Benjamin	Madeleine	451		In-hospital mental health patients in Canadian hospitals: 2006-07 to 2015-16
Charlebois	Kathleen	460		Health Professional Level Barriers to Living Donor Kidney Transplantation: Preliminary results of a qualitative study
Kastner	Monika	461		Underlying mechanisms of complex interventions addressing the care of older adults with multiple chronic conditions: A realist review
Zoratti	Michael	462		An exploratory analysis of predictors of concordance between Canadian Common Drug Review reimbursement recommendations and the subsequent decisions by Ontario, British Columbia, and Alberta
Zarrin	Aein	464		The Implications of Language Barriers Among Iranian Older Adults in South-Western Ontario: A Qualitative Analysis
Gardner	William	469		Changing Rates of Self-Harm by Sex in Adolescents Presenting to Ontario Emergency Departments: A Repeated Cross-Sectional Study
ivananthioth	Priatharsini (Tharsini)	473		To Have A Planned C-Section Or Not: Exploring The Decision-Making Experiences Of Migrant And Canadian-Born Women
Haj-Ali	Wissam	476		Selection factors into team-based primary care – the case of Ontario.
Dionne	Emilie	479		Narrative-based Methodology for Qualitative Health Research: Ensuring Rigor, Consistency and Efficiency in a Mixed-Methods Health Research Evaluation Protocol
Manogaran	Myuri	480		The new normal: Employment time lag after specialty medical certification in Canada
Dionne	Emilie	482		Perspectives of Socially Vulnerable Patients and their Providers on Challenges to Accessing Primary Health Care: A qualitative analysis
Stock	David	484		Geographic variation in Maritime orthopaedic surgery utilization: A 12-year perspective
Brown	Jaime	488		Practice-based research on innovation: Enabling transformation in Ontario's child and youth mental health system
Maas	Esther	491		Cost-benefit analysis of gradual return-to-work for workers with a musculoskeletal disorder in British Columbia
McCaughey	Deirdre	492		Retail Health Clinics: Are They Shaping Tomorrow's Healthcare System?
Ashcroft	Rachelle	493		An Incentive Model for Quality Care of Depression and Anxiety in Ontario Family Health Teams: Findings from a Grounded Theory Study
Pomey	Marie-Pascale	494		The Partnership Co-Design Lab : A methodology to Co-construct intervention with patients and evaluate them
McCaughey	Deirdre	509		Driving Health Behaviour: The roles of personal health information use and patient attitudes towards health
Crockett	Leah	510		Sharing evidence, experiences and expertise: the value of networking to improve emergency care for kids in Canada
Bolduc	Jolianne	511		Dotation en personnel infirmier : existe-t-il un lien entre la composition des équipes et le nombre de rapports d'incidents et d'accidents dans les unités de soins critiques
Hennessy	Deirdre	513		Using linked population-based data to investigate acute care hospitalization for sepsis in Canada: a retrospective cohort study
Kuenzig	Ellen	514		Variation in the care of elderly-onset inflammatory bowel disease: a comparison of Local Health Integration Networks and Multispecialty Physician Networks
Chateau	Dan	517		Incorporating Home Care data into a population research data repository: Measuring Incidence, prevalence intensity, and duration
Gruneir	Andrea	522		The Impact of the Data Source Used to Assess Multimorbidity on Associations with Health Service Utilization: A Comparison of Self-Report and Administrative Data
Vik	Shelly	531		The Alberta Primary Health Care Integration Network – Partnerships and Priorities
Gagnon	Danie	535		Identifying and responding to the needs of older francophone women of New Brunswick who experienced intimate partner violence in later life
Mulvale	Gillian	536		Co-Designing Services for Youth with Mental Health Issues: Novel Elicitation Approaches
DiMillo	Shanna	537		Seeing beyond the big picture: medical workforce change at the specialty and subspecialty level
Otero Varela	Lucia	538		ICD-coded data features and coding training worldwide
Ramayanam	Venkata	544		Manitoba First Nations Regional Health survey Phase 3 (2015-2016) results

Ramayanam	Venkata	545	Telling our own stories through data in Manitoba First Nations
Chowdhury	Mohammad	546	Updating hypertension prediction through meta-modeling to improve the predictive ability in general population.
Geransar	Rose	548	Leading the Future of Healthcare: Broad Spectrum Collaborative Partnerships to Enhance Healthcare Performance
Ahmed	Nabeelah	549	Mental Health Issues, Leaves of Absence, and Return to Work of Canadian Physicians: A Case Study from the Healthy Professional/Knowledge Worker Research Initiative
Hwang	Jongnam	550	An examination of neighbourhood environment and unmet health care need in urban cities: Comparing Toronto, Canada and Seoul, Korea
Khalil	Ielaf	554	Primary Health Care Providers' Perspectives on Delivering Care to Newly Arrived Syrian Refugee Women
Modayil	Mary	556	Meeting the unmet needs of older adults and their caregivers through evaluation of a chronic disease self-management program
Atanackovic	Jelena	557	Mental Health, Leaves of Absence, and Return to Work Experiences of Nurses: A Mixed Methods Study
Ho	Julia	558	Care planning and coordinated care plans: understanding the Health Links approach to caring for people with complex health and social needs
Gilbert	Frederic	559	Towards learning healthcare systems: The direct and indirect contribution of knowledge organizations to reflexivity and change
Buote	Richard	563	Primary care lifestyle interventions for Type 2 diabetes prevention: A systematic review and meta-analysis of randomized controlled trials
Khalid	Ahmad Firas	565	Approaches to the Use of Research Knowledge in Policy and Practice during the Syrian Refugee Crisis
Koval	Andriy	566	Severity and Burden of Mental Health: Techniques for stratifying chronic conditions based on linked clinical history
Kadu	Mudathira	569	A Cost Utility Analysis of Using the Kidney Failure Risk Equation as a Referral Criteria to Access Multidisciplinary Care for Patients with Chronic Kidney Disease in Ontario, Canada
Torres	Sara	570	Measuring Adverse Childhood Experiences, Current Health Challenges and Factors Promoting Resilience in Primary Health Care
Martin-Misene	Ruth	571	Partnering with patients and families in decision making and program/service planning processes: Quality and Safety Teams in Primary Health Care in Nova Scotia
Gutberg	Jennifer	572	Exploring the Role of Distributed Leadership and Middle Management in Fostering Patient Safety Culture
Fox	Mary	574	The Relationships Between the Geriatric Practice Environment, Nursing Practice, and the Quality of Hospitalized Older Adults' Care in Ontario
MacLeod	Martha	575	The geographical shaping of practice: Differences in rural nurses' experiences across Canada's provinces
Yau	Matthew	576	Sustainable Financing for Infant Hearing Impairment Interventions: An Overview of Global Strategies
Fox	Mary	577	Nurses' Perspectives on the Geriatric Practice Environment and the Overall Quality of Older People's Care in Ontario Acute Care Hospitals
Cressman	Sonya	578	Patient reported quality of life and personal financial impact following treatment for rare blood cancers: A longitudinal study
Meneer	Matthew	581	Clinician-based instruments for measuring the integration of mental health and addictions services within primary care: A systematic review
Chowdhury	Mohammad	582	Social Support and Mild Cognitive Impairment (MCI) Risk at Baseline of the Canadian Longitudinal Study on Aging Study (CLSA).
Zeidan	Jinan	585	Progress, Challenges, and gaps for autism policy in Quebec
Young	Victoria	586	Home-Based Medical Diagnostic Services for Older Adults in Urgent, Low Acuity Situations: A System Level Snapshot of Current Challenges and Motivations
Doktorchik	Chelsea	592	Coding Agreement on Identification of Main Resource Use Using ICD-10 and ICD-11
Mulvale	Gillian	593	Operationalizing Experience-Driven Innovation through Integration of Peer Support in Clinical Mental Health Systems in Canada and Norway
Tang	Terence	597	Evaluating the impact of an electronic communication tool on patient experience, ED visits and re-hospitalization, and care transitions in hospitalized patients (including those with dementia): a mixed methods study
Mulvale	Gillian	599	Co-designing health and social services with vulnerable and disadvantaged populations: Insights from an International Collaboration
Smith	Andrea	603	Integrating patient engagement and qualitative evidence synthesis in a health technology assessment – an example from CADTH
Garces Davila	Isabel	605	Post Traumatic Stress Disorder in Victims of Child Abuse: The Role of Social Determinants on Mental Health Care Utilization
Eastwood	Cathy	610	Advancing data collection of hospital-related harms: Innovations with International Classification of Disease 11th Beta Version (ICD-11)
Goldsmith	Laurie	611	The Importance of Developing and Maintaining a Strong Foundation for Successful Patient Engagement
Sun	Winnie	612	Living Well with Dementia: The role of Community-Based Programs in Promoting Social Connectedness for Persons with Dementia and Their Caregivers
Aubrecht	Katie	616	Mapping Person-Centred Dementia Care, Relational Care & Livability in Long-Term Care Research on Dementia
