ALEXANDRA WRIGHT

Alexandra Wright is a PhD student, in the Health Policy stream at the Institute of Health Policy, Management and Evaluation at the University of Toronto. She completed her Master's in Public Administration at Queen's University, taking a special interest in health policy and epidemics. Alexandra's PhD is examining healthy public policy through climate change induced reoccurring floods and the role of learning in the policy making process. Alexandra currently works at the World Health Innovation Network examining supply chain processes and healthcare.
