Dr. Clayon Hamilton  
Fraser Health Authority  
(Panelist)

Stephanie Montesanti  
Indigenous communities  
(Panelist)

Beverley Pomeroy  
Patient Partner  
(Panelist)

If you've ever wondered why and how you would partner with patients/caregivers in your research, this session will introduce you to researchers and patient partners who have successfully partnered on research studies. They will discuss the why and how but also the barriers and how they resolved them. The session will aim to tackle the hard questions.

# Impact Assessment for Health Services and Policy Research: Advancing Practice and Growing a Community

Friday, May 21, 2021  
12:45pm to 2:00pm EST

The purpose of this session is to engage with the CAHSPR community to increase awareness, stimulate discussion, create connections, and determine CAHSPR community needs regarding impact and RIA.

Participants will leave the session with 1) an increased awareness of impact and RIA, the CHSRPA Framework and indicators, as well as considerations for RIA, 2) new connections with others interested in and practicing RIA in their organizations, 3) information to increase impact awareness within their organizations and 4) better shared understanding of RIA concepts and needs within the CAHSPR community

(Panelist)

Dr. Joanie Sims-Gould  
(Panelist)

Dr. Jennifer Zelmer  
(Moderator)

Dr. Rick Glazier  
(Session Synthesis)

This CAHSPR session will bring together perspectives of those involved in the IST program, including researchers, decision makers, staff and residents, to foster discussion regarding their experiences strengthening pandemic preparedness in LTC/RH homes.

The session aims to facilitate dialogue around questions such as: what policies and approaches are most effective at ensuring safe family presence in homes? How has the rapidly evolving pandemic context impacted the implementation and success of IST intervention/innovation(s) and what strategies have been successful in adapting to this evolving context?

# What's the Future We Need for the Pan-Canadian HSPR Ecosystem?

Friday, May 21, 2021  
12:45pm to 2:00pm EST

Dr. Diane Finegood  
Facilitator

Dr. Lee M. Johnston  
Facilitator

Given that the pandemic has accelerated the evolution of health services and policy research in Canada, it is a good time to take stock of our assets and envision our collective future. Join us for a facilitated dialogue that maps out an HSPR ecosystem designed to meet the challenges that lay ahead.
