

PROGRAM AT-A-GLANCE

All times listed are Eastern Time

TUESDAY, MAY 31, 2022

- | | |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10:30 - 11:45 | Opening Plenary: The Power of Canadian HSPR
Presented by Tara Kiran, John Lavis, Christine Chambers, Vincent Dumez
Moderated by Alan Katz |
| 11:45 - 12:45 | Virtual Poster Session and Networking |
| 13:00 - 14:15 | Concurrent Sessions A |
| 15:00 - 16:15 | Concurrent Sessions B |
| 16:30 - 17:30 | CHSPRA Annual General Meeting |

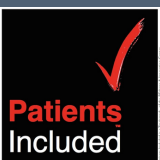

WEDNESDAY, JUNE 1, 2022

- | | |
|---------------|-------------------------------------------------------------------------------------------------------------------|
| 10:30 - 11:45 | Hall Laureate Presentation
Presented by Colleen Flood
Moderated by Maria Mathews |
| 12:00 - 12:45 | Joy, Hope and Positivity Through Bhangra Dance
Presented by Special Guest: Gurdeep Pandher of the Yukon |
| 13:00 - 14:15 | Concurrent Sessions C |
| 15:00 - 16:15 | Concurrent Sessions D |
| 16:30 - 17:30 | World Cafe: Harnessing the Power and Promise of HSPR in Canada |

THURSDAY, JUNE 2, 2022

- | | |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 10:30 - 11:45 | CAHSPR Theme Group Special Sessions |
| 11:45 - 12:45 | Virtual Poster Session and Networking |
| 13:00 - 14:15 | Closing Plenary: The Promise of Canadian HSPR
Presented by Kim McGrail, Andrew Boozary, Alika Lafontaine, Annie Leblanc
Moderated by Jennifer Zelmer |
| 14:15 - 15:00 | CAHSPR Awards |

2022 Annual CAHSPR Conference

May 31 - June 2, 2022

Virtually
CAHSPR

OPENING PLENARY

Tuesday, May 31, 2022
10:30am to 11:45am EDT

"The Power of Canadian HSPR"

Health services and policy research is pivotal in the design of evidence-based healthcare and health policy. Virtually CAHSPR 2022 is an opportunity to showcase the work of our community of researchers. Join our dynamic panel of Canadian leaders as we kick off the conference by exploring, recognizing and celebrating the power of Canadian HSPR.

Panelists Include:

Tara Kiran

Christine Chambers

Vincent Dumez

John Lavis

Alan Katz

HALL LAUREATE PRESENTATION

Wednesday, June 1, 2022
10:30am to 11:45am EDT

"Moonshot: Modernizing the Canada Health Act"

Presented by the 2022 Hall Laureate
COLLEEN FLOOD

Moderated by Maria Mathews

The Justice
Emmett Hall
Memorial Foundation

PLENARY PRESENTATION

Wednesday, June 1, 2022
12:00pm to 12:45pm EDT

"Joy, Hope and Positivity Through Bhangra Dance"

Presented by Gurdeep Pandher of the Yukon

Gurdeep Pandher is a Yukon based, Bhangra artist and educator. He creates performance pieces that bring together people from all backgrounds while promoting inclusivity. Currently, he is best known for bringing joy, hope and positivity during the pandemic through his online dance classes and videos. The dance performances and videos are watched by millions of viewers throughout the world. Gurdeep's works have been published by many international art and media organizations including BBC News, CBC National, The Globe and Mail, NBC, etc. Gurdeep was also named "This week's Greatest Canadian" by Global News Radio! Gurdeep's sessions are a good workout and a happy way to introduce physical activity. For more information, please visit Gurdeep.ca

CLOSING PLENARY

Thursday, June 2, 2022
1:00pm to 2:00pm EDT

"The Promise of Canadian HSPR"

We invite you to join this panel of thought leaders for what promises to be an inspiring conversation about the promise of health services and policy research.

Panelists Include:

Annie Leblanc

Alika Lafontaine

Andrew Boozary

Kim McGrail

Jennifer Zelmer

THEME GROUP SPECIAL SESSIONS

Thursday, June 2, 2022
10:30am - 11:45am EDT

"Harnessing real-world data and evidence: lessons from cancer, precision medicine and the Covid-19 pandemic"

Presented by Stuart Peacock, Kelvin Chan, Ambika Parmar
Coordinated by the Cancer Theme Group

"Citizens using evidence in everyday life"

Presented by Modupe Adefeso-Olateju, Nina Doad, Amanda Katili Niode, Shannon Sibbald, Maureen Smith, Jenn Thornhill Verma
Coordinated by the Collaborative Healthcare Improvement Partnerships Theme Group (CHIPS)

"If the health workforce were a patient, it would be in critical condition"

Presented by Ivy Bourgeault, Bukola Salami, Harrison Aplin
Coordinated by the Health Workforce Theme Group

"Nerding-Out on Primary Care: Seamless Care Optimizing the Patient Experience – the SCOPE program"

Presented by Aleksandra Stanimirovic
Coordinated by the Primary Healthcare Theme Group

"Moving towards meaningful change, one uncomfortable conversation at a time"

Presented by Quynh Pham Jai Shah, Shahr Wali, Shelley Wall, Jane Zhao
Coordinated by the Student Working Group

"Child Health Equity Research -- Lessons from Data Linkage Studies"

Presented by Marni Brownell, Hilary Brown, Liz Darling, Natasha Saunders
Coordinated by the Maternal and Child Health Theme Group

CONCURRENT SESSIONS

See the detailed concurrent session guide for individual presentation information

CONCURRENT SESSIONS A

TUESDAY, MAY 31 (1:00PM TO 2:15PM EDT)

- A1: Health System Performance
- A2: COVID-19
- A3: Collaborative Healthcare Improvement Partnerships
- A4: Mental Health and Addictions
- A5: Cancer
- A6: Equity and Vulnerable Populations
- A7: Homecare, Long Term Care and Aging (Panel)
- A8: Primary Healthcare (Panel)

CONCURRENT SESSIONS B

TUESDAY, MAY 31 (3:00PM TO 4:15PM EDT)

- B1: Primary Healthcare
- B2: COVID-19
- B3: Health Human Resources
- B4: Homecare, Long Term Care and Aging
- B5: Health Economics/Financing/Funding
- B6: Health System Performance
- B7: Health Policy, Healthcare Reform (Panel)
- B8: Equity and Vulnerable Populations (Panel)

CONCURRENT SESSIONS C

WEDNESDAY, JUNE 1 (1:00PM TO 2:15PM EDT)

- C1: Mental Health and Addictions
- C2: Family Health and Engagement
- C3: Primary Healthcare
- C4: COVID-19
- C5: Collaborative Healthcare Improvement Partnerships
- C6: Health System
- C7: Equity and Vulnerable Populations
- C8: Health System Performance (Panel)

CONCURRENT SESSIONS D

WEDNESDAY, JUNE 1 (3:00PM TO 4:15PM EDT)

- D1: Health System Performance
- D2: Equity and Vulnerable Populations
- D3: Health Human Resources
- D4: Home Care, Long Term Care and Aging
- D5: Mental Health and Addictions
- D6: Chronic Disease Management
- D7: Indigenous Health
- D8: Collaborative Healthcare Improvement Partnerships (Panel)

CONCURRENT SESSION A Tuesday, May 31, 2022 (1:00pm to 2:15pm)					
A1 Health System Performance	A1.1 A qualitative study of the challenges and opportunities for a novel public health performance measurement system in Canada <i>Meghan O'Neill</i>	A1.2 A qualitative study expanding our understanding of factors impacting delayed hospital discharge: Insights from patients, caregivers, providers and organizational leaders in Ontario, Canada <i>Kerry Kuluski</i>	A1.3 L'intégration de professionnels de la physiothérapie pourrait-elle être bénéfique en pharmacie communautaire ? Résultats d'une enquête auprès des pharmaciens du Québec. <i>Joanie Bédard</i>	A1.4 Perceptions of Health System Leaders on Single-Entry Models for Managing the COVID-19 Elective Surgery Backlog <i>Justin Shapiro</i>	A1.5 The intersection of intimate partner violence and traumatic brain injury: Findings from an emergency summit addressing system-level changes to better support women survivors <i>Danielle Toccalino</i>
A2 COVID-19	A2.1 But what happened to the patients? A Population-based Retrospective Cohort Study Examining Care Trajectories for Persons with Alternate Level of Care in Ontario, Canada during COVID-19 <i>Sara Guilcher</i>	A2.2 COVID-19 Hospitalizations in Canada: Clinical Characteristics and Costs <i>Misbah Salim</i>	A2.3 Access to primary care among im/migrants during the COVID-19 pandemic: Analysis of population-based linked administrative data <i>Mei-ling Wiedmeyer</i>	A2.4 Are we providing equitable healthcare to older Canadians with combined hearing and vision loss during the COVID-19 pandemic? <i>Atul Jaiswal</i>	A2.5 Impact of the COVID-19 Pandemic on Pediatric Emergency Department Visits and Patient Outcomes of Appendicitis in Canada: An Interrupted Time Series Analysis <i>Francesca del Giorgio</i>
A3 Collaborative Healthcare Improvement Partnerships	A3.1 Beyond the Breaking Point: Nurses' Experiences with Mental Health Leaves of Absence Pre and Post COVID-19 <i>Kim McMillan</i>	A3.2 Integrated health and social care within a Canadian context: three case studies in Ontario, Alberta and Nova Scotia <i>Siu Cheng</i>	A3.3 Integrated Care in Ontario: Cross-case Learnings from a Developmental Evaluation of Ontario Health Teams <i>Kaileah McKellar</i>	A3.4 Challenges of reforming integrated care in the context of ACO-like organizations: A scoping review <i>Élizabeth Côté-Boileau</i>	A3.5 Evaluating Patient Navigation as a Boundary Concept: a realist synthesis <i>Fedir Razumenko</i>
A4 Mental Health and Addictions	A4.1 Preliminary Assessment of the Implementation of Safer Supply Pilot Projects funded through Health Canada's Substance Use and Addictions Program <i>Dale McMurchy</i>	A4.2 Circumstances of Opioid-Related Deaths in Ontario during the COVID-19 Pandemic <i>Sophie Kitchen</i>	A4.3 Estimating the population-level effects of Ontario's overdose prevention sites and consumption and treatment services: interrupted time series analysi <i>Dimitra Panagiotoglou</i>	A4.4 Bridging the macro-micro divide: A Qualitative Meta-synthesis on the Perspectives and Experiences of Healthcare Providers on the Extramedical Use and Diversion of Buprenorphine <i>Kasunka Kankanam Gamage</i>	A4.5 Mental health care utilization upon release from provincial correctional centres and risk of reincarceration in British Columbia <i>Heather Palis</i>
A5 Cancer	A5.1 Describing settings of care in the last 100 days of life for cancer decedents: a population-based descriptive study <i>Sarina Isenberg</i>	A5.2 Impact of the COVID-19 Pandemic on Diagnosis and Treatment of Pediatric Cancer Patients: An Interrupted Time Series Analysis <i>Francesca del Giorgio</i>	A5.3 Invasive interventions in the last 100 days of life of patients with cancer: A population-based retrospective cohort study <i>Colleen Webber</i>	A5.4 The influence of intellectual and developmental disability on breast, lung, and colorectal cancer survival in Ontario, Canada <i>Rebecca Hansford</i>	A5.5 Unpacking age: Secondary age analysis of the Ambulatory Oncology Patient Satisfaction Survey data to inform implementation of innovative models of care <i>Fay Strohschein</i>
A6 Equity and Vulnerable Populations	A6.1 Women Supportive Housing Engagement <i>Volletta Peters</i>	A6.1 A Synergistic Approach to Home Care for Older Adults: Sharing Promising Practices from Integrated Care Programs <i>Krystal Kehoe MacLeod</i>	A6.3 The rate of Major Adverse Cardiovascular Events and Revascularization Procedures among People with Diabetes Experiencing Homelessness <i>Ruchi Sharan</i>	A6.4 Assessing Changes in Relational Continuity of Care Among Adults with Vulnerable Housing in a Transitional Case Management Program <i>Alexandra Chiew</i>	A6.5 Understanding the relationship between loneliness and immigration-related factors in older adults in Ontario, Canada. <i>Mindy Lu</i>
A7 Home Care, Long Term Care and Aging (PANEL)	A Spotlight on Qualitative Canadian Home Care Research: Insights and Findings <i>Christine Kelly, Damien Contandriopoulos, Cynthia Cranford, Kelli Stajduhar, Jennifer Baumbusch</i>				
A8 Primary Healthcare (PANEL)	The “kids” are alright: Practice patterns among early-career family physicians and implications for primary care policy and workforce planning <i>Ruth Lavergne, David Rudoler, Agnes Grudniewicz, Ian Scott, Doug Blackie</i>				

CONCURRENT SESSION B Tuesday, May 31, 2022 (3:00pm to 4:15pm)					
B1 Primary Healthcare	B1.1 “We had imagined it was going to be horrible for COVID infections, but it really was just horrible for everything else”: A qualitative study of family physicians’ experiences working with communities experiencing marginalisation during the COVID-19 pandemic <i>Sarah Spencer</i>	B1.2 Nursing Practice and Teleconsultations in a Pandemic Context: A mixed methods study <i>Safa Regragui</i>	B1.3 The impact of COVID-19 on primary care physicians and nurses in Nova Scotia: A qualitative exploratory study. <i>Mark Embrett</i>	B1.4 Barriers to multi-site implementation of a train-the-trainer intervention in primary care: The case of the F2PL project <i>Marie-Eve Poitras</i>	
B2 COVID-19	B2.1 Impact of COVID-19 on the frail population in Ontario: has linguistic factors an effect on the health outcomes? <i>Ricardo Batista</i>	B2.2 Roles, impact, and working environments of public health nurses during the COVID-19 pandemic in Ontario <i>Emily Belita</i>	B2.3 Building A Guide To Improve Conversations with COVID-19 Vaccine Hesitant Patients <i>Myles Leslie</i>	B2.4 COVID Vaccine Policy Dissemination; Comparison of stakeholders’ perspectives of the vehicles and barriers for health promotion messaging in Ontario, Canada and East Midlands, UK <i>Kelly Grindrod</i>	B2.5 Disability Rights in the Provincial Mental Health Policy Responses for Youth with Disabilities and their Families during the COVID-19 pandemic <i>Keiko Shikako</i>
B3 Health Human Resources	B3.1 Building a case for wellness as a pillar of Health Human Resource planning: Results from the Canadian Medical Association’s National Physician Health Survey <i>Taylor McFadden</i>	B3.2 Professional Workplace as a Site of Production of Common Mental Health Problems: A Case of Physicians and Midwives and Their Decisions Regarding Leaves of Absence <i>Kelly Gregory</i>	B3.3 Burnout, Secondary traumatic stress, and compassion satisfaction among Registered Nurses in a Canadian province <i>Anne Kearney</i>	B3.4 The Future of Nursing in BC: Impacts of the COVID-19 pandemic and the nursing shortage in British Columbia <i>Tarya Morel</i>	B4.5 COVID-19 as a catalyst for the semi-professionalization of personal support work <i>Husayn Marani</i>
B4 Home Care, Long Term Care and Aging	B4.1 Investigating health service rates among residents of retirement homes: Findings from the first population-level cohort in Ontario, Canada <i>Derek Manis</i>	B4.2 Pan-Canadian measurement and reporting on access to home care services <i>Jenny Lineker</i>	B4.3 "Person-centred” home care: how "rule-bending" can help fortify relationships and build trust between clients and care providers <i>Lauren Spring</i>	B4.4 An environmental scan of the assisted living and retirement home sector in Canada <i>Derek Manis</i>	B4.5 Observer-rated assessment scales for depression evaluation in cognitively impaired older adults living in nursing homes: A systematic review <i>Elodie Toulouse</i>
B5 Health Economics/Financing/Funding	B5.1 An Economic Evaluation of the Edmonton Zone Virtual Hospital Initiative <i>Jeff Round</i>	B5.2 Evaluating treatment outcomes in pharmacogenomic-guided care for depression: a rapid review and meta-analysis <i>Mary Bunka</i>	B5.3 Health Technology Assessment as Part of a Broader Process for Priority Setting and Resource Allocation <i>Craig Mitton</i>	B5.4 Difference-in-Differences Analyses of Vaping and Smoking After E-Cigarette Flavor Bans and Nicotine Caps in Canada <i>Hai Nguyen</i>	B5.5 Stepping towards integrated supports for family caregivers: Engaging Multi-level Interdisciplinary Stakeholders in Co-design of a Support System <i>Sharon Anderson</i>
B6 Health System Performance	B6.1 Improving the efficiency of patient-reported outcome measurement: Procedures for developing a computerized adaptive test to assess physical functioning <i>Erin McCabe</i>	B6.2 Differences in virtual care access among older adults during COVID-19 <i>Cherry Chu</i>	B6.3 Virtual care: A major shift for physicians and patients in Canada <i>Marc Comeau</i>	B6.4 Demonstrating the value and use of patient experience data <i>Lyubov Kushtova</i>	
B7 Health Policy, Healthcare Reform (PANEL)	Taking a Collective Impact Approach to Build a Better System to Support Family Caregivers: Pandemic Lessons for Necessary Changes to Improve Caregiver Experiences <i>Deirdre McCaughey , Kim Brundrit, Janet McLean, Sharon Anderson, Jasneet Parmar, Gwen McGhan</i>				
B8 Equity and Vulnerable Populations (PANEL)	Embedding Inclusion Diversity Equity and Accessibility (IDEA) in Health Data Research: Data Research Centres and Approaches to IDEA <i>Amy Freier , Robyn Rower, Lisa Nowlan, Nicole Aitken</i>				

CONCURRENT SESSION C Wednesday, June 1, 2022 (1:00pm to 2:15pm)					
C1 Mental Health and Addictions	C1.1 Development and evaluation of an instrument to measure discharge planning processes in mental health care <i>Sarah Xiao</i>	C1.2 New and continuing physician-based outpatient mental health care needs among children and adolescents during the COVID-19 pandemic in Ontario, Canada: a population-based repeated cross-sectional study. <i>Natasha Saunders</i>	C1.3 Overdose deaths and the COVID-19 pandemic in British Columbia <i>Heather Palis</i>	C1.4 Dentists' Mental Health, Leave of Absence, and Return to Work: The Perspective of Practising Dentists <i>Tala Maragha</i>	C1.5 Antipsychotic drug use and safety in Ontario children and youth <i>Tianru Wang</i>
C2 Family Health and Engagement	C2.1 Realist Evaluation of Knowledge Translation Program of the CHILD-BRIGHT Research Network using the Implementation Research Logic Model <i>Sakiko Yamaguchi</i>	C2.2 How does the integration of midwives into primary care settings impact access to care? An Ontario case study <i>Liz Darling</i>	C2.3 Experiences of interpersonal violence in the perinatal period among women with disabilities: A population-based cohort study <i>Hilary Brown</i>	C2.4 A Framework for Engaging Youth in Mental Health & Addictions Navigation Services and Research <i>Simran Arora</i>	C2.5 The Tale of an Integrated Care Network with Strong Patient and Family Engagement <i>Reham Abdelhalim</i>
C3 Primary Healthcare	C3.1 99 problems (but a visit's just one): Understanding changes in visit volume among family physicians in British Columbia <i>Ruth Lavergne</i>	C3.2 The Impact of Primary Care Physician Continuity on Patients with COPD and Heart Failure <i>Terrence McDonald</i>	C3.3 "Comprehensive, except for deliveries": Influences on the intentions for obstetric practice among family physicians and residents in Canada <i>Emily Gard Marshall</i>	C3.4 The VISAGES approach: improving care for people with complex needs and healthcare system efficiency <i>Catherine Hudon</i>	C3.5 "When you're in the office, it means you managed to get somewhere": Perceptions of adolescents experiencing a mental illness of accessing primary care for mental health services <i>Lisa De Panfilis</i>
C4 COVID-19	C4.1 Comparison of Provincial COVID-19 Vaccination Rollout Approaches <i>Shelby Rowein</i>	C4.2 Early Impacts of the COVID-19 Pandemic on Public Health Systems and Practice in Alberta, Ontario, and Québec: Insights from Public Health Leaders <i>Harman Sandhu</i>	C4.3 Virtual care use during waves of the COVID-19 pandemic in Ontario: a retrospective cohort study <i>Vess Stamenova</i>	C4.4 Centralization and integration of public health systems: Perspectives of public health leaders on systematic barriers and enablers to COVID-19 responses in three Canadian provinces <i>Sara Allin</i>	C4.5 Cost drivers during the COVID-19 pandemic: breaking down the factors behind cost growth for Canada's public and private drug plans in 2020-2021 <i>Yvonne Zhang</i>
C5 Collaborative Healthcare Improvement Partnerships	C5.1 Engaging youth, parents and clinicians to co-design discharge communication tools for pediatric emergency department settings <i>Janet Curran</i>	C5.2 Evidence on the impact of prehabilitation program on postoperative outcomes: HTA review <i>Thiphavone Oudanonh</i>	C5.3 What Happens When Health Care, Social Care, and Housing Providers Come Together? A Case Study of the Facilitators, Barriers, and Experiences of the Community Wellness Hub <i>Chi-Ling Sinn</i>	C5.4 A local system response to COVID19 Pandemic: Lessons learned for advancing an integrated care <i>Sara Shearkhani</i>	C5.5 Solutions for Kids in Pain (SKIP): Improving children's pain in Canadian health institutions through coordination and collaboration <i>Kathryn Birnie</i>
C6 Health System	C6.1 DRAGONFLY (builDing Resilience And respondiNG tO seNIor FrailTY) <i>Tammy O'Rourke</i>	C6.2 Islands in the data streams: crafting evaluation approaches in Ontario Health Teams when policy lags vision <i>Adora Chui</i>	C6.3 Développement d'un modèle de soins de physiothérapie en pratique avancée en SDRC pédiatrique <i>Annick Chouinard</i>	C6.4 Care Everywhere: Implementing Evidence-based Digital Transformation to Enhance Coordination, Access, and Efficiency across a Health System <i>Jennifer Gutberg</i>	C6.5 How do we implement and evaluate learning health systems? Findings from a mixed methods systematic review <i>Mari Somerville</i>
C7 Equity and Vulnerable Populations	C7.1 Examining the Role of Indigenous Primary Healthcare across the Globe in Supporting Populations During Public Health Crises <i>Stephanie Montesanti</i>	C7.2 First Nation data sovereignty and pandemic planning innovation in Manitoba <i>Wanda Phillips-Beck</i>	C7.3 Balancing Indigenous Data Rights, Priorities, and Interests <i>Robyn Rowe</i>	C7.4 Market exclusivity above all else: A critical review of the regulatory history of Suboxone in Canada <i>Meghan McGee</i>	
C8 Health System Performance (PANEL)	Towards a Pan-Canadian Health Data Strategy <i>Eric Sutherland , Dr. Steven Hoffman, Dr. Kim McGrail, Dr. Michael Wolfson, Dr. Ewan Affleck</i>				

CONCURRENT SESSION D Wednesday, June 1, 2022 (3:00pm to 4:15pm)					
D1 Health System Performance	D1.1 Social determinants of access to publicly-funded home care services in Ontario <i>Sophie Hogeveen</i>	D1.2 Assessing the Clinical and Economic Impacts of Renfrew County’s Virtual Triage and Assessment Centre (VTAC) <i>Jonathan Fitzsimon</i>	D1.3 Facteurs de performance des établissements de soins de longue durée dans le contexte de la pandémie de la COVID-19 <i>Josiane Létourneau</i>	D1.4 A Feasibility Study for CODE-MI: High-Sensitivity Cardiac Troponin - Optimizing the Diagnosis of Acute Myocardial Infarction/Injury in Women <i>Yinshan Zhao</i>	D1.5 Impact of COVID-19 on access to care for seniors: results from The Commonwealth Fund’s Survey of Older Adults in Eleven Countries (2014-2021) <i>Sandra Millicic</i>
D2 Equity and Vulnerable Populations	D2.1 Contraception use in female youth with disabilities: Results from a Canadian cross-sectional survey <i>Hilary Brown</i>	D2.2 How do emergency youth shelters and the health system engage? A case study exploring coordination of care for youth experiencing homelessness in Toronto <i>Alzahra Hudani</i>	D2.3 Community Hubs for Vulnerable Populations Evaluating Lessons from the COVID-19 Pandemic <i>Volletta Peters</i>	D2.4 Making Sense of Health Equity in Rural Dementia Caregiving During a Pandemic <i>Katie Aubrecht</i>	D2.5 New Opioid Use and Risk of Subsequent Dose Escalation and Opioid Toxicity Among Adults with Intellectual and Developmental Disabilities <i>Qi Guan</i>
D3 Health Human Resources	D3.1 Principles of best practice for healthcare workforce modeling: A scoping review and evidence synthesis <i>Shaun Shaikh</i>	D3.2 Associations of nurse overtime hours with nurse and patient outcomes: A systematic review of observational studies <i>Christian Rochefort</i>	D3.3 Listening to the Experiences of Women’s First Responders in Ontario <i>Kelly Gregory</i>	D3.4 Operationalizing integrated needs-based workforce planning at Nova Scotia Health in response to the COVID-19 pandemic <i>Adrian MacKenzie</i>	D3.5 Shielding our Healthcare Workers: Evidence-based advocacy leads to rapid adoption of Bill C-3 to address bullying, harassment and violence towards healthcare workers <i>Ashley Chisholm</i>
D4 Home Care, Long Term Care and Aging	D4.1 How did the COVID-19 pandemic impact hospital use by persons with dementia residing in long-term care? <i>Laura C. MacLagan</i>	D4.2 Resident frailty and excess mortality in Ontario Long-Term Care homes during the first year of the COVID-19 pandemic: a population-based time-series analysis <i>Michael Campitelli</i>	D4.3 Understanding healthcare utilization at the end of life, an application of process mining discovery technique <i>Delphine Bosson-Rieutort</i>	D4.4 A scoping review of the design, implementation, and evaluation of hospice-based, volunteer-led caregiver programs <i>Vidhi Thakkar</i>	D4.5 Development of a Canadian-specific Hospital Frailty Risk Measure using routinely collected administrative data to support health system planning for older adults (age 65+) at risk of frailty <i>Sunita Karmakar-Hore</i>
D5 Mental Health and Addictions	D5.1 Determinants of access and utilization of mental healthcare among forensic service users <i>Marichelle Leclair</i>	D5.2 Planning Nimble and Responsive Mental Health Services: A Whole System Approach <i>Leslie Anne Campbell</i>	D5.3 Bringing the Mental Health and Substance Use Health Workforce into Focus: Insights from a Facilitated Virtual Policy Dialogue <i>Kathleen Leslie</i>	D5.4 Building a high-quality mental health and addictions system: Learning from four intermediary organizations <i>Janet Durbin</i>	D5.5 Barriers and facilitators in implementing integrated youth services: Lessons Learned from Youth Wellness Hubs Ontario <i>Nirupa Varatharasan</i>
D6 Chronic Disease Management	D6.1 External factors that affect diabetes management for people who are experiencing homelessness <i>Eshleen Grewal</i>	D6.2 Measuring COPD incidence in NB: analysis of a province-wide linked administrative and clinical database <i>Ted McDonald</i>	D6.3 Understanding intrinsic factors that influence people’s practice of diabetes self-management while experiencing homelessness in Calgary, AB <i>Matt Larsen</i>	D6.4 Understanding how Community Health Navigators tailor patient support: An analysis of case notes <i>Michelle Leong</i>	D6.5 Initiation of opioid agonist therapy after hospital visits for non-fatal opioid poisonings in Ontario <i>Daniel McCormack</i>
D7 Indigenous health	D7.1 How systemic racism results in poorer outcomes for First Nations, and what First Nations are doing about it: the example of Kidney health <i>Josee Lavoie</i>	D7.2 Prevalence of Multimorbidity and Chronic Diseases in Citizens of the Métis Nation of Ontario <i>Sarah Edwards</i>	D7.3 The TransFORMation of IndiGENous PrimAry HEAlthcare Delivery (FORGE AHEAD): Economic analysis <i>Aleksandra Stanimirovic</i>	D7.4 Mapping the journey of First Nation patients diagnosed with End Stage Kidney Disease with little prior knowledge of their declining kidney function <i>Tannyce Cook</i>	
D8 Collaborative Healthcare Improvement Partnerships (PANEL)	Advancing multi-regional research in Canada through collaboration <i>Nicole Yada , Dr. Robert Fowler, Dr. Laurie Lambert, Dr. John McLaugh, Dr. Michael Schull</i>
